Accessories Shelf and Drawers Disclaimer for Painted Wood Cabinetry Please be aware that wood expands and contracts. With painted cabinetry, this natural process will create open joints in the painted finish. An open joint line is not considered a defect and it is widely accepted in the kitchen cabinet industry. Some people think joint lines actually add to the appeal of painted cabinets. The finish will still protect the surface, and the structural integrity of the joint will not be affected. These issues are shared by every manufacturer of painted all wood cabinets, and are not unique to AristaKitchens.com. Wood may expand and contract differently from cabinet to cabinet. Even joints within the same cabinet may behave differently. Some joined wood may not show any joint lines, others may be slightly visible, while others may display easily visible joint lines. Joint lines also may occur due to the repeated impacts from normal everyday use. An exposed open wood joint can be damaged from prolonged exposure to water or heavy moisture. Therefore, wipe off any excess moisture from cabinet surfaces as soon as possible.

Discoloration: All Paints, especially lighter colors, are susceptible to discoloration due to airborne particles such as cooking, grilling, tobacco smoke, fireplaces or candles. Prolonged exposure to natural or artificial light may alter the finish color. Moisture may also discolor the finish. Monitor and reviewing

from web site Every monitor colors are different and depending on the display from AristaKitchens.com web site cabinets colors, size, fonts, may look different. Warranty Policy AristaKitchens.com hereby warrants to the original purchaser, for residential applications only, that all items are free from defects in material and workmanship. The warranty runs for as long as you own the home and begins upon the date of delivery. AristaKitchens.com has the right to determine if the product is repairable or replaceable and does not include any labor for removal or replacement of the new product. This warranty does not extend to defects caused by: improper handling, storage, installation, assembly, modifications or alterations to the product, extreme temperatures, intentional damage, fire or water, acts of nature, harsh abrasive chemicals, accidental misuse, or normal wear and tear. Cabinets are made of natural wood and may vary in texture, color or wood grain, and exhibit subtle changes over time. These variations are considered natural and are not covered under the AristaKitchens.com warranty program. All warranty claims MUST be made via our Claims Submission Form and must have pictures along with a detailed description of the defects. After AristaKitchens.com reviews the claim within a 72 hour period or three business days they will, at their discretion, determine to repair or replace the defective product based on the manufactures warranty policy.
